Metz CUBUS *edition*

Elegant anniversary model with 85-month warranty

Zirndorf, 31 August 2023

The long-established Franconian TV manufacturer Metz is celebrating its 85th anniversary this year. At IFA Berlin 2023, it presented the CUBUS *edition*, a highly sustainable, limited-edition anniversary model with an 85-month warranty.

To mark its 85th anniversary, the German television manufacturer Metz presented a highly sustainable anniversary model at IFA.

First-class design & features

Like all Metz Classic televisions, the Metz CUBUS *edition* special model is developed and produced with great care in Germany. High-quality materials, a wealth of features and a sophisticated TV platform are testament to the individual class and exceptional value of this TV, which has been released as a strictly limited edition. Based on the Metz CUBUS 43, the CUBUS *edition* retains the distinctive stand design with the cubic stand column that gives it its name and features some elegant design upgrades with a black sound bar, a rotating stand base made of black anodised aluminium and the high-quality RM 19 remote control.

Top quality made in Germany

A 43-inch UHD direct LED display with local area dimming ensures remarkably sharp images with brilliant colours - and makes the CUBUS *edition* a true energy-saver despite its extensive range of features. Thanks to its twin multi-tuner and two CI+ interfaces, it is equipped to receive free and pay TV via all available reception modes. With a sealed 2-way system and bass reflex channel, MetzSoundPro technology delivers crystal clear trebles and rich bass frequencies that bring sound to life through six front-facing speakers. WiFi, Bluetooth and an extensive range of interfaces make it a truly versatile

all-rounder. In addition, this television also supports USB recording, meaning it offers a range of convenient timeshift and recording functions.

85-month manufacturer's warranty

A particular highlight of the Metz CUBUS *edition* is that it comes with an exclusive anniversary warranty for Germany and Austria. This lasts for 85 months - a full seven years of warranty (panel excluded), underpinning the traditional German company's quality and sustainability standards. "This tribute to Metz's 85th anniversary, making it possibly unique in the market, is our way of

thanking all of the customers who, time and time again, make a conscious decision to buy a Metz TV Made in Germany", says Dr Norbert Kotzbauer, CEO of Metz Consumer Electronics GmbH. The Metz Classic CUBUS *edition* will be available in stores from September for €1499 RRP.
